Recommended Tools + Supplies

Step Ladder	3/32 Allen Key	⅜ Socket/drive or Wrench

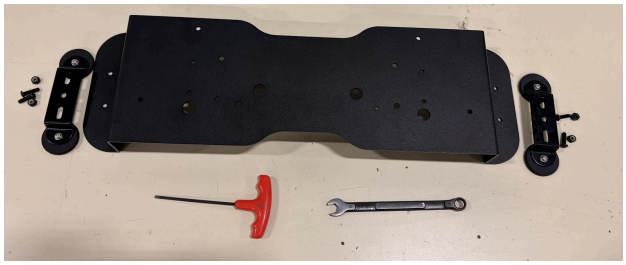

Kit Contents

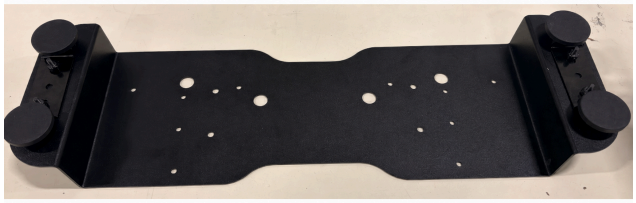

3RD BRAKE LIGHT BRACKET	Magnet Kit	

NOTE: This guide provides instructions solely for installing the 3rd brake light bracket. For wiring information related to your lighting accessory, please consult the instructions provided with the accessory or visit the product page at www.putco.com.

Step by Step Installation

1. Attachment magnet kit to bracket using 3/32 allen and ⅜ socket/drive or wrench.

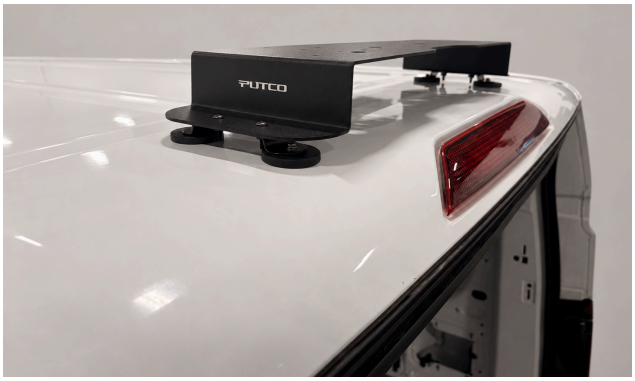

2. Open Rear doors to the van. Place the step ladder behind the van.

3. Place the bracket on top and center of the van.

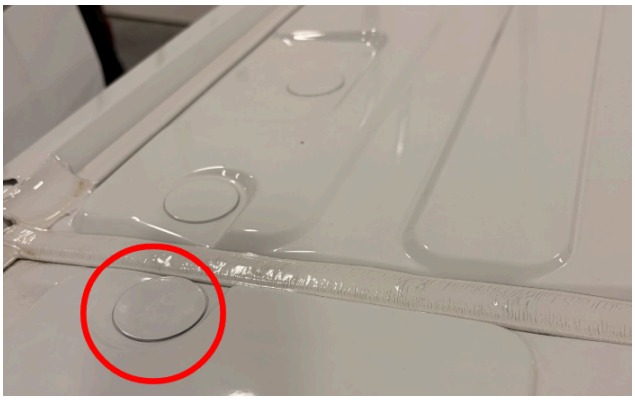

1. Refer to LED light bar instructions for installation if equipped.

   Note - Non-drill option - Run the wire through the gasket seal of the rear doors. This may cause pinching issues - use caution.

   Drill option - Drill a small hole through one of these foam caps, run the wires through and reseal with caulk.

Congratulations on completing the installation of your Putco product!
